

## 2-WAY WIRELESS SLIM KEYPAD

The 2-Way Wireless Slim Keypad is a stylish, cost-effective keypad used to operate and control the Agility™ 3 LightSYS™ 2 security systems. Available in both indoor (white) and outdoor (black) versions.

The 2-way wireless slim keypad also includes an internal proximity reader for easy operation by the end-user using a proximity tag. Being bi-directional the 2-Way keypad receives a reply status indication from the panel for each command that it has sent to the panel.

The keypad is easy to install using a dedicated mounting bracket. Being fully two-way the keypad can be mounted in an easily accessible location close to the main entrance, with the control panel safely installed out of the sight of intruders.

### Features

- Bi-directional wireless communication
- Up to three wireless keypads per system
- Power-save light sensor
- Full system user operation
- Built in Proximity reader
- Wall tamper protection
- Battery economy mode
- Wireless doorbell function
- Compatible with RISCO systems: Agility™3
- Outdoor-certified IP65 (RW132KL1P only)
- Modules: RW132KL1P (External-Black), RW132KL2P (Internal- White)

### Technical Specifications

- Battery Type: CR123, 3V lithium battery (x 2)
- Current Consumption: Stand-by current 10µA, Max current 100 mA
- Frequency: 868.65 MHz
- Typical Battery Life: 3 Years
- Dimensions: (HXWXD) 100 mm X 45 mm X 25 mm (3.9 x 1.8 X .98 inches)
- Weight (incl. batteries): 0.157 kg
- Environmental: RF Immunity According to EN50130-4
- Operating temperature: -40° C to 70° C (-40° F to 159° F)
- IP Rating: 65 (RW132KL1P model only)
